PROFILE

Multimedia, Applications and Video Games Engineering student at Universitat de Vic (graduating 2027), focused on game production and backed by a technical game-development background. Experience taking projects from concept to a working build: gameplay systems and enemy AI in Unity, full-stack web platforms with Laravel, and Android apps in Kotlin. Comfortable moving between programming, prototyping and project organization. Seeking a Summer 2027 internship in Game Production, Production or as an Associate Producer in the European games industry, with the long-term goal of becoming a video game producer.

EDUCATION

Bachelor's Degree in Multimedia, Applications and Video Games — Universitat de Vic (UVic), Vic, Spain
In progress • Expected completion: 2027

SELECTED PROJECTS

Lost On The Gates • Unity / C#

WW2 tank survival game developed in Unity. Implemented enemy AI, turret aiming and shooting, health and ammunition systems, kill tracking, HUD and scene flow.

Reservio • Laravel / PHP / MySQL

Full-stack property booking platform. Built user authentication, CRUD operations, relational database design, reservations, reviews and photo management.

ArtScan • Android / Kotlin

Android app for managing artworks through QR scanning, with structured artwork data, RecyclerView-based interfaces and app data management.

TECHNICAL SKILLS

Game Development: Unity, Unreal Engine, gameplay programming, enemy AI, prototyping

Programming: C#, C++, C, Python, PHP, Kotlin, JavaScript

Web: Laravel, Blade, Tailwind CSS, MySQL

Mobile / Creative Coding: Android Studio, QR/Barcode scanning, Processing, p5.js

Tools: Git, GitHub, Visual Studio Code

WORK EXPERIENCE

Access Controller | L'Agrícola Regional, S.A. — Montserrat, Spain | May 2024 – Present

- Manage visitor access and flow at the Basilica of Montserrat, one of Catalonia's most visited sites.
- Resolve incidents and coordinate with colleagues in real time in a high-traffic, public-facing environment.

Maintenance Technician | Rubio Julve S.L. — Sant Sadurní d'Anoia, Spain | Summer 2026

- Supported industrial maintenance and mechanical tasks, following technical instructions and safety procedures.
- Adapted quickly to new tasks in a time-sensitive, hands-on team environment.

Cashier / Stock Clerk | Roges Supermercats S.L. — Pont de Vilomara, Spain | Dec 2022 – Aug 2023

- Handled payments, customer service and stock replenishment in a fast-paced retail environment.
